

## Venue and Accommodations-

Dear Colleagues:-

Talaso Atlantico, the site of the meeting, is a high quality hotel in the Baiona/Vigo area with very impressive conference facilities and ocean view.

They are offering special rates for conference attendees: A single room is 80 Euros and a double room is 120 Euros (in US dollars this is on Jan 24, approx. \$105 and \$157). Please note that these rates include taxes and also breakfast. The hotel will quickly fill up at these rates, and other hotels are available in Baiona itself. If those other Baiona hotels are full or not to your liking, then nearby is Vigo. Vigo is a major city in Galicia with several major hotels (Baiona is smaller and more convenient for the meeting). Courtesy vans will be available to help with transportation between the conference site (near Baiona along the rugged coast) and the historic town of Baiona, and also to demonstrations at the University of Vigo on the last day of the conference.

If you have questions about accommodations or on how to get to Baiona (by air, car, etc) you can contact the conference travel agent [congresos@abramar.com](mailto:congresos@abramar.com) (full contact listed below this message) using the email subject line BiotoxinsApril2005. Soon you can register for the conference online and then make your room and other reservations online.

Best Regards,

Ana Gago-Martinez, Symposium Chair

James Hungerford, Task Force Chair
