CALL FOR METHODS
(DEADLINE: Friday, June 10, 2022)
AOAC INTERNATIONAL (AOAC) invites method developers to submit methods for consideration and possible evaluation through the AOAC Official MethodSM program. Prospective methods must be able to determine Amino Acids (Taurine), HMO, Fluoride, or Phospholipids in all forms of infant, adult, and/or pediatric formula (powders, ready-to-feed liquids, and liquid concentrates) according to each nutrient’s Standard Method Performance Requirements (SMPRs®).

The AOAC Official MethodsSM Program organizes and facilitates the review of methods by appointed ERPs across AOAC’s integrated science programs. Methods submitted through an active Call for Methods have Standard Method Performance Requirements (SMPRs®) associated with them.
Click [here](#) to submit your method and to view the SMPRs.

Method Submission Deadline: COB **Friday, June 10, 2022**
